Paul Davis Restoration offices in Maryland sponsor 2011 Power To End Stroke Walk-a-thon

Gaithersburg, MD – June 2, 2011 - Paul Davis Restoration offices in Maryland recently served as a sponsor of the 2011 Power To End Stroke Walk-a-thon on May 21 in Glenn Dale, MD. According to Tom Plant, Paul Davis office owner in Gaithersburg, the money donated by five Paul Davis offices and participation by staff members as walkers and table sponsors, will be put to work by the American Heart Association and the American Stroke Association to increase the level of stroke awareness and support research efforts to combat strokes. This is the second year of support from the Paul Davis offices.

“Our involvement and the collective efforts of the community enabled the non-profit to collect \$12,000 which will provide funding for education to eradicate stroke and stroke-related illnesses,” Plant said. “Even though the walk is over, we encourage the community to donate and raise money for the 2011 Power To End Stroke Walk-a-thon,” he said.

The Power To End Stroke (PTES) program is a national campaign that raises awareness about stroke while embracing and celebrating the culture, creativity and energy of African Americans. The campaign targets adults from ages 30 to 64. To date, more than 144,000 people nationally have joined the Power To End Stroke movement, with over 4,600 people trained as Ambassadors to educate the community about strokes and stroke prevention. The Bowie/Mitchellville Alumni Chapter of Kappa Alpha Psi has joined the American Heart Association's PTES to raise funds and awareness for stroke prevention.
