Paul Davis Restoration of the Greater Tri-Cities names Nichole Trump as marketing representative

Bristol, VA– November 1, 2010 - Charles Skeens, owner of [Paul Davis Restoration of the Greater Tri-Cities](#), has named Nichole Trump as the company's marketing representative. Trump will be responsible for sharing Paul Davis Restoration's emergency mitigation and restoration services with insurance agents, adjusters and property owners. She will also be responsible for implementing promotional campaigns, marketing presentations and professional seminars and workshops.

Trump was responsible for a variety of job duties at the Paul Davis office including job cost accounting and promotions since 2009. For more than 14 years, she has served in the customer service industry. Trump has completed coursework in business management and accounting at Northeast State Community College in Blountville, TN and Virginia Highlands Community College in Abingdon, VA. She resides in Bristol, TN.

"We are very pleased to have Nichole join our company and look forward to her involvement with our customers to ensure that excellent service is always provided," said Skeens. "Her professional experience at Paul Davis and her interpersonal skills will be a continued asset to our office," he said.

"We dedicate the success of our office to a superior staff of highly-trained professionals and a company that focuses on exceptional customer service," said Skeens. "Our staff is a great example of Paul Davis Restoration offices nationwide which provide emergency services for properties that have been damaged by water, impact, fire, vandalism and other catastrophic events."

The Paul Davis office was established in 1990 and is located at 37 Four Winds Drive in Bristol, VA. The company serves customers in Southwest Virginia and Upper East Tennessee. The staff is certified from the Institute of Inspection, Cleaning and Restoration Certification (IICRC) in standards for inspection, cleaning and disaster restoration including fire, water and smoke restoration, along with applied structural drying and mold remediation.
